ANNOUNCEMENT

A change in our business plans makes the sale of this herd a necessity. There has not been a time since its establishment a great many years ago when it was in better working condition. We have practiced a rigid culling process in the last few years and have retained nothing but the best and most reliable producers. All of these go in this sale and we hope and believe they will prove as satisfactory to their new owners as they they have been for us. When buying we bought pleasing types that were the products of the best of ancestry and we know by experience that such are the best. We sever our connection with the Shorthorn with no little regret for we have derived no little pleasure and satisfaction with the cattle and the associations with men who are identified with the breed. We invite you to be with us on sale day.

ROBERT R. WARD & SONS, Benton, Ill.

Robert R. Ward & Sons will sell in their dispersion sale some notable and worthwhile breeding stock. Their stock has never failed to meet with high appreciation when cattle were in demand because it was well bred and producers of types which made special appeal. They offer that kind in this sale and they should attract the kind of buyer who realizes that they will be good investments in the years ahead. No squarer men ever presented an offering at auction.—Geo. E. Martin, of The Shorthorn World.
